## UNPLEASANT ONE Secretary Daniels Takes Re- tirement to President and Wires Officers on List.

WASHINGTON, July 1.—Fourteen naval officers selected by the "plucking board" including several of the most prominent in the navy, today were notified that they had been selected for retirement. The board, which was organized by Secretary Daniels, today issued its report to the president.

The most unpleasant duty of the year was performed today at the navy department when the board of selection for retirement made its report to Secretary Daniels.

**DEDICATES BRAZIL'S SITE AT EXPOSITION**

Dr. Muller Likens Panama Canal to New Jordan, Where Human Civilization Will Be Baptized.

SAN FRANCISCO, July 1.—"Other nations will lend more brilliancy to the exposition," said Dr. Lauro Muller, Brazilian minister for foreign affairs, as he dedicated today the site on which will rise his country's building for the Panama-Pacific International exposition.

"We think ourselves powerful enough to be able to praise the power, and we never tire of exalting the greatness of the human work which you are undertaking at Panama."

The canal, which will superficially separate the two continents, will unite them more strongly than ever. Its waters will be those of a new Jordan, where human civilization will receive the greatest baptism of a century. Here in San Francisco your commemoration of this universal enterprise will be the great consecration of that immortal work.

Dr. Muller's remarks followed the presentation of the deed to the site by President C. C. Moore of the exposition. As he finished speaking, the minister planted the flag of his country in the ground, and Mrs. Dudley Field Malone, wife of the third assistant secretary of state, raised the Brazilian emblem to the tall flag pole, while guns from nearby fortifications boomed the international salute.

Dr. Muller spent a busy day and tomorrow will be given an opportunity to rest. On Thursday he will take a trip to Mount Tamalpais, overlooking the bay, the ocean and the valleys of California, and will leave for the east that evening on his return journey.

## DEATH SUMMONS NOTED FRENCHMAN Henri Rochefort, Long Promi- nent in Affairs of France, Passes Away.

AIX-LES-BAINS, France, July 1.—Henri Rochefort, for many years prominent in French political life, died here today from a complication of maladies at the age of 83.

The real name of Henri Rochefort was the Marquis Victor Henri de Rochefort-Lucy. He was the son of Marquis Louis Marie de Rochefort-Lucy, who was a most successful author of light plays.

Henri Rochefort was a Parisian of the Parisians, as he was born in the French capital and passed the greater part of his life there. He took part in its defense against the Prussians in 1870-71 as a member of the government and national defense, and at other times worked as a municipal official, as a deputy, as a journalist and as a playwright.

His ardent patriotism often led him to excesses of expression of his opinions and brought him into conflict with the law. In 1871 he was condemned to deportation and was transported to Noumea in New Caledonia, where he, with several companions in captivity, managed to escape in 1874 and to board an American vessel, which brought him and his comrades to San Francisco. He remained there some time before returning to Europe. He was, however, unable to re-enter France until the issue of the general amnesty in 1880.

Soon after he became a deputy, but resigned in 1886. He then took up the cause of General Boulanger, for which he was brought before the courts and condemned by default to perpetual detention in a fortress. He, however, escaped to London, where he remained until another amnesty period led him to return in 1895, after which he wrote almost daily for the ultra-patriotic Patrie.

When you find that you are getting in the habit of worrying unnecessarily about your work; that the daily grind is wearing out your nerves, it is time to bring yourself to a sudden stop. You are facing a nervous breakdown. Don't pride yourself that you can keep up through will power alone. Nervousness cannot be willed away. You must get rid of the cause. There is only one thing to do and that is to build up your blood.

Dr. Williams' Pink Pills enable the blood to carry to the weakened nerves the nourishment that they need and have proved of the greatest benefit in even severe nervous disorders.

Dr. Williams' Pink Pills are sold by all druggists at 50 cents per box or six boxes for \$2.50 or by the Dr. Williams Medicine Company, Schenectady, N. Y.

## IS IT ENOUGH?

By HARRIETTE RUSSELL CAMPBELL

This story of a musical genius who finally wins his way in New York has caught much of the spirit which made "The First Violin" famous. It is a story of his strange charm for one woman who, bewitched by his music followed him and his fortunes. No more striking character has been created in years.
